

Are you our future Assistant Attorney or Legal counsel?

Legal counsel or Assistant Attorney for our legal M&A, Finance and Corporate team in Better Energy

Better Energy, Copenhagen

Do you want to make a difference and help us shape a sustainable future and drive the green energy transition in Denmark and internationally? Then you may be the person we are seeking. We work every day to make an impact that matters, and if you have the same passion for green energy, we invite you to join us on this green energy transition journey.

Working as an assistant attorney or legal counsel in Better Energy you will be educated by the leading lawyers in the business, get experience and gain knowledge as you would in larger law firms, but simultaneously be included in the essential commercial/legal interconnection you would not otherwise be exposed to.

As an assistant attorney, you will as our other assistant attorneys be able to finish your assistant attorney education and take your bar exam with Better Energy and subsequently keep your authorization as Lawyer (advokatbestalling).

The Legal team and who we seek

You will join a strong professional Legal team, and you will be based in Copenhagen.

The Legal team in Better Energy consists of 20 dedicated individuals with different areas of expertise within corporate, M&A, financing, real estate, contracts, regulatory & compliance and employment law.

The team supports the business across the entire integrated value chain from the initial phase of securing rights to land, obtaining rights, construction, procurement, financing, to the operational phase of our projects and across all countries that we are working in and in new potential markets. We put our hearts and souls into the things we do, and we are proud of the impact we have and bring to the green transition. We take a serious and dedicated approach to the work we do, but at the same time we have an informal tone, we love to laugh, we share experience and thoughts, and we pull together while chasing deadlines and deliveries in order to achieve the goals of Better Energy.

You will be joining the legal M&A, financing and corporate team as an assistant attorney or legal counsel and work together with your colleagues in Legal and in the rest of the organization and with our stakeholders etc. You will take on an essential role in M&A, financing and corporate businesses such as due diligence processes, national and international transactions and corporate matters in every aspects across our business - mainly in English.

In order to add value to the legal M&A, financing and corporate team, you bring the ability and willingness to adapt to any changes of task priorities in your everyday work life, and you are positive, innovative and solution-oriented in your approach to any assignment.

You can help us make an impact by:

Your role will be to support the M&A, financing and corporate team with:

- Coordinating M&A processes in co-operation with our M&A team across the whole Better Energy group, including managing contact with internal and external stakeholders, identifying and gathering of relevant documentation, setting up and managing virtual data rooms, quality control of documents as well as Q/As etc.
- Negotiating and drafting various agreements, including assistance with signing and closing preparations and processes.
- Securing, preparing and following up on processes within projects and specific conditions precedent and subsequent from various agreements.
- Managing contracts and handling documents and processes in relation to corporate, transaction and financing processes in combination with the tasks described above.
- Providing legal review and replying to various legal questions relevant for the Better Energy business.
- Handling corporate matters pertaining to the Better Energy group's Danish and international +150 companies, incl. ensuring cross-team coordination of relevant information with relevant teams within the group and contact with local legal advisers and other consultants, and, where relevant, continuous optimization of work procedures and ensuring local compliance etc.
- Preparing corporate documents in every aspect, i.e. documents in relation to incorporation, mergers, articles of association, minutes of every kind, share registers, rules of procedures, power-of-attorneys, statements/notifications etc. and ensuring timely registration with the Danish Business Authority and other relevant authorities.
- Managing stakeholders and contact with legal advisers, consultants and relevant authorities in Denmark and abroad.

About you

You have a Danish legal educational background and relevant experience from a law firm as assistant attorney or internal legal counsel (1-3 years of experience). You also have the following:

- Experience with corporate, M&A and/or financing work in a law firm or in-house legal department or similar.
- A Danish legal exam that is top of the class.
- Ability to convert legal matters into solutions workable for all parties.
- Ability to deep dive into complex regulation and communicate it in an understandable way to be used in our business.

If you come as an assistant attorney, you will be able to finish your assistant attorney education and take your bar exam with Better Energy. Currently, we have 3 other assistant attorneys in the Legal team.

You will keep your authorization as Lawyer (advokatbestalling) with Better Energy and you will attend the necessary numbers of courses needed to maintain your authorization.

What you will enjoy

We are placed in a modern office (with amenities like fitness, lounge area, good lunch scheme etc.), and we have a private health insurance and an IT scheme. But you will also enjoy:

- A fun, interesting and varied job - ask anyone at Better Energy and they will say you have good opportunities for professional development as well.
- Kind and talented colleagues who love to laugh together in our daily work and at our social events.
- A job with many different tasks within your field.
- An opportunity to join a growing business that is actually driving the green transition in Denmark and internationally.

How we recruit

We know that it is our people who make the difference. Having the right skills is only part of the picture. We look for cultural fit. This means that we are very thorough when we try to find the best match for both you and Better Energy. If you are interested in applying your skills and talents to truly make a difference, send us your CV and your application through the link below.

Since finding the right candidate means so much to us, our recruitment process is an ongoing process. We will close the application process when the right candidate has been found.

If you have any questions about the position, you are more than welcome to contact Vice President, Louise Frikov-Petersen, at lfp@betterenergy.dk or by phone +45 31490378.

About Better Energy

Better Energy is an international renewable energy company that creates new green energy. Better Energy was founded with the purpose of accelerating the transition to renewable energy sources with better solutions and mass quantities of affordable clean energy. We have done so by creating Northern Europe's biggest solar parks, which is currently supplying some of Denmark's biggest companies with green energy. Better Energy has office locations in both Frederiksberg in Copenhagen and Sønderborg in Jutland, and is currently counting around 140 employees, but that number is increasing as we are vastly expanding. In 2020 Better Energy had a revenue of more than 1 billion DKK, which was a double from 2019, and we have even more ambitious plans ahead of us.
