

New Product Introduction Manager, Nordics

Do you want to lead, plan and execute New Products Introduction? Would you like to be part of our Nordic and regional NPI team and support the Denmark, Iceland, Norway, Sweden and Finland? Are you an experienced NPI Manager? Then you might be the one we are looking for.

ViatriS in Denmark is part of a large global pharmaceutical organization and represents well-known brands like Treo, Viagra, Zyx, Vortefri, Linicin, SB12 and several other exciting brands that will be launched in the coming years.

KEY RESPONSIBILITIES FOR OUR NPI Manager

Every day, we rise to the challenge to make a difference. As our new NPI Manager, you are reporting to Country Manager and also be part of the Regional NPI team and supports our commercial organizations in all Nordics countries Denmark, Iceland, Norway, Finland and Sweden.

You will support the Nordic markets (Sweden, Denmark, Iceland, Finland and Norway) with respect to managing the launch of new products and portfolio management in close collaboration with NPI team. You will protect and maintain existing products as well as developing and launching product extensions sought for by patients and healthcare professionals and ensure European support for locally emerged Business Development projects.

It's important to capitalize fully on existing portfolio by leading rolling pan-Nordic evaluation in order to identify, investigate and recommend on business opportunities across all business lines in the five Nordic countries. As our new NPI Manager, you will support growing the business through continuous flow of BD/Franchise opportunities. Identifying new business opportunities and secure successful new product launches for all four business-lines for all 5 countries.

Part of the role is also to developing/growing a sustainable Nordic base portfolio throughout all segments; OTC, Brand Rx, Hospital and Generics through portfolio management and new product introductions linked to business opportunities.

You will drive Commercial Development locally and support for the Commercial Organizations and Nordic Centralized operations (Regulatory, Quality and Supply). Leading the planning and execution of new products introductions including coordination with Country Commercial Teams/Country Managers and perform analysis for Central Portfolio Opportunities for all 5 countries.

You will work and coordinate closely with Pharmacovigilance, Quality, Regulatory, Artwork and Supply Chain to ensure timely Launches. And together you will contribute to achieve a seamless workflow across the company.

YOUR PROFILE

Viatriis is a large global pharmaceutical company and some tasks will be performed across countries. This means that you will have internal contacts both domestically but also in the European region, which requires a fluent English and a flair for manage own projects. For these projects and tasks, a structured mindset is needed and preferably shown in previous similar jobs.

The minimum qualifications for this role include:

- Bachelor's degree within health care (Pharma, medicine, physiology or similar)
- Minimum requirement in 3 years within pharmaceutical industry
- Must possess in depth knowledge relating to the Nordic Pharmaceutical markets and dynamics
- Experience from New products introductions-similar role
- Knowledge from Gx, Rx and OTC – very complex products in pharma
- Project Management, Market analysis & intelligence, budgeting, operational and sales planning
- Computer skills relating to MS office and using data
- Experience from Nordic role
- Experience from working across countries with many stakeholders in different countries
- Teamplayer, Proactive, Commercial mindset
- Advanced level of English and Danish/Norwegian/ Swedish language

Your experience could come from a global company, as we are too – so you know how to work with colleagues from various countries.

ABOUT VIATRIS

Viatriis is a global healthcare company formed in 2020 through the combination of Mylan and Upjohn, a legacy division of Pfizer. By integrating the strengths of these two companies, including our global workforce of ~37,000, we aim to deliver increased access to affordable, quality medicines for patients worldwide, regardless of geography or circumstance.

We believe in healthcare as it should be – empowering people worldwide to live healthier at every stage of life. Because of our unwavering belief that better access leads to better health, we leverage our best-in-class manufacturing and scientific expertise and proven commercial capabilities to bring quality medicines to patients when and where they need them.

We do so via

Access – Providing high quality trusted medicines regardless of geography or circumstance.

Leadership – Advancing sustainable operations and innovative solutions to improve patient health; and

Partnership – Leveraging our collective expertise to connect people to products and services.

Globally Viatriis is close to 37.000 colleagues represented in more than 165 countries.

In Denmark, Viatriis is located in Ballerup in a new and nice office building. We are 50 engaged and motivated colleagues, and we work closely with our Norwegian colleagues too.

At Viatriis, we offer competitive salaries, benefits, flexible working arrangement and an inclusive environment where you can use your experiences, perspectives, and skills to help make an impact on the lives of others. Viatriis is an Equal Opportunity Employer.

WE LOOK FORWARD TO HEARING FROM YOU

Please send your CV and application in English to our colleague Tijana – tijana.baros@viatriis.com no later than November 20th 2022. The recruitment process is partly in English.
