

WECO TANKERS CHARTERING

We are seeking a new colleague for the Chartering Department

As part of our expansion, we are looking for a motivated colleague for our Chartering Team at our head office "Søholm" in Rungsted, north of Copenhagen.

Key responsibilities

Monitoring freight markets and day-to-day cargo and vessel trading.

- Development of new business and customer relations.
- Daily contact with clients/brokers/charterers.
- Day-to-day chartering of Weco Tankers vessels in the MR segment in a worldwide trade.
- Identifying and negotiating short period tonnage.

The job includes a high degree of responsibility and independence in a dynamic business environment, where flexibility is important. The candidate should expect some travel activity.

We expect

That the successful candidate has profound experience from the tanker sector, speaks and writes English fluently and has good IT skills. Furthermore, he or she has a strong network, excellent strategic abilities and commercial acumen.

On a personal level we expect an independent and economically astute person with a strong overview and teambuilding spirit. You are committed to your work, ambitious, competitive, dynamic and interested in working for a flexible and customer-oriented shipping company.

We offer

An exciting position with the possibility of continual professional and personal development in an international and modern shipping environment as well as a health insurance scheme and an attractive compensation package, which reflects the job content and qualifications.

Please send your application and CV as soon as possible to:
job@wecoshipping.com
